

# GetNotarized

## Who we are.

As a mobile-signing management company, we take the guess work out of after hours and out-of-state signings.

## Tired of cold calling Notaries?

Feel like a robot making endless calls from your call lists? Our app automatically finds and assigns the most qualified and available Notaries for you.

How easy do we make it?

## Mobile-Signing in 4 Steps:

### 1 Enter signing details

It only takes 90 seconds. Type the job you need, client info, and when notarized documents are needed.

### 2 Upfront pricing

We calculate how much the job will cost and tell you upfront- no surprises.

### Wait. But not long

On average, it takes less than 7 minutes to assign a Notary and your signing process started.

### 3 Upload securely

With end-to-end encryption, you can upload your documents to our secured servers for all parties involved to access.

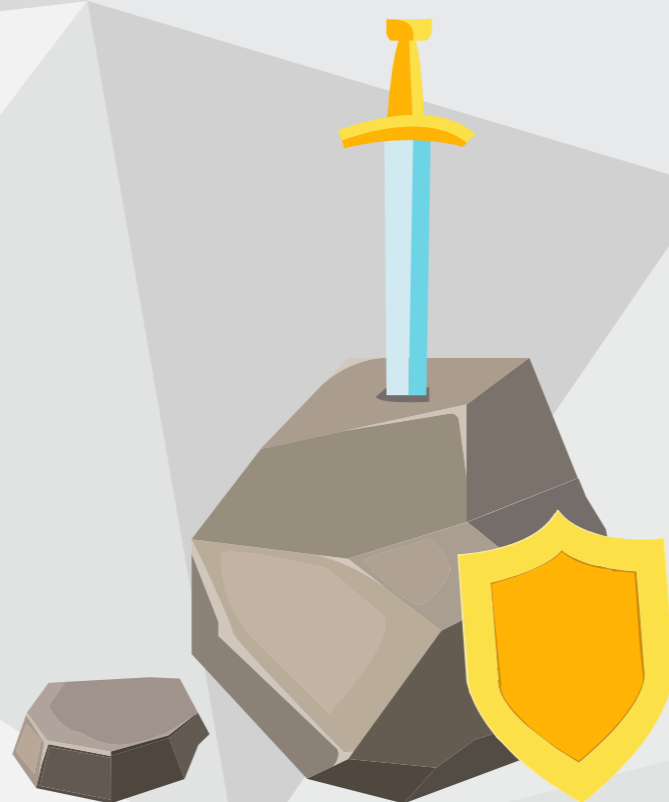

### 4 Receive documents

Your documents are now notarized! They can be received by mail, hand delivered, or uploaded to the app.

## Notarize anytime, anywhere.

We've got the best Notaries across the country, anywhere you need them, many available 24/7.

## Overprotective? You bet.

Following TRID standards ensures your documents and client info are safe. This is a free and painless feature. No more sensitive info being sent through unencrypted email.

### RECEIPT

Total \$low.cost

## Stop haggling over prices.

We have the best pricing nationwide. Plus, you'll always know the price of your signing before accepting.
